Practical ways to speak up, ask questions, and be heard

ZOOM ONLY · WE WON'T MEET IN PERSON THIS MONTH

WHEN

SPEAKER

Rose Lang

Already a delicate balance, Parkinson's disease (PD) symptom management can be even trickier in the hospital because:

- People often do not get enough movement opportunities.
- Parkinson's medications may not be given following the at-home schedule.
- Medications that worsen PD are sometimes prescribed.
- PD medication doses are often delayed or missed.
